

ORIGIN

YOUR PRIVACY IS OUR PRIORITY.

PRIVACY STATEMENT

ORIGIN is committed to protecting your privacy and developing technology that gives you the most powerful and safe online experience. This Statement of Privacy applies to the ORIGIN website and governs data collection and usage. By using the ORIGIN site, you consent to the data practices described in this Statement.

COLLECTION OF YOUR PERSONAL INFORMATION

ORIGIN collects personally identifiable information, such as your name, email address, and contact telephone numbers. ORIGIN also collects anonymous demographic information which is not unique to you, such as your area code, age, gender, preferences, interests and favourites.

There is also information about your computer hardware and software that is automatically collected by ORIGIN. This information can include your IP address, browser type, domain names, access times and referring website addresses. This information may be used by ORIGIN for the operation of the service, to maintain quality of the service, and to provide general statistics regarding use of the ORIGIN site.

ORIGIN encourages you to review the privacy statements of websites you choose to link to from ORIGIN so that you can understand how those websites collect, use and share your information. ORIGIN is not responsible for the privacy policies or other content on websites outside of the ORIGIN website.

USE OF YOUR PERSONAL INFORMATION

ORIGIN collects and uses your personal information to operate the ORIGIN website and deliver the services you have requested. ORIGIN also uses your personally identifiable information to inform you of other products or services available from ORIGIN and its affiliates. ORIGIN may also contact you via surveys to conduct research about your opinion of current services or of potential new services that may be offered.

ORIGIN does not use or disclose sensitive personal information, such as race, religion or political affiliations without your explicit consent.

ORIGIN keeps track of the websites and pages our clients visit within ORIGIN, in order to determine what ORIGIN services are the most popular. This data is used to deliver customised content and advertising within ORIGIN to clients whose behaviour indicates that they are interested in a particular subject area.

The ORIGIN website will disclose your personal information, without notice, only if required to do so by law or in the good faith belief that such action is necessary to a) conform to the edicts of the law or comply with legal process served on ORIGIN or the site; b) protect and defend the rights or property of ORIGIN, and c) act under exigent circumstances to protect the personal safety of users of ORIGIN, or the public.

USE OF COOKIES

The ORIGIN website uses cookies to help you personalise your online experience. A cookie is a text file that is placed on your hard disk by a webpage server. Cookies cannot be used to run programmes or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a webserver in the domain that issued the cookies to you.

One of the primary purposes of cookies is to provide a convenient feature to save you time. The purpose of a cookie is to tell the webserver that you have returned to a specific page. For example, if you personalise ORIGIN pages, or register with ORIGIN site or services, a cookie helps ORIGIN to recall your specific information on subsequent visits. This simplifies the process of recording your personal information. When you return to the ORIGIN website, the information you previously provided can be retrieved, so you can easily use the ORIGIN features that you customised.

You have the ability to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the ORIGIN services or websites you visit.

SECURITY OF YOUR PERSONAL INFORMATION

ORIGIN secures your personal information from unauthorised access, use or disclosure. We secure the personally identifiable information you provide on computer servers in a controlled, secure environment, protected from unauthorised access, use or disclosure.

CHANGES TO THIS STATEMENT

ORIGIN may occasionally update this Statement of Privacy to reflect company and client feedback. We encourage you to periodically review this Statement to be informed of how ORIGIN is protecting your information.
